### Technical Delegate's Report

Last night a seal was broken on the gearbox of car number 20, driver Kevin Magnussen, in order to inspect change gear ratio pairs and associated dog rings for physical damage, and, as a consequence of this inspection, to replace the 2<sup>nd</sup> and 4<sup>th</sup> change gear ratio pair and the 2<sup>nd</sup>/4<sup>th</sup> gear dog ring for new ones of identical specification.

This was done in accordance with Article 29.3 a) iii) of the 2022 Formula One Sporting Regulations.
