		Time	16:47

Technical Delegate's Report

After the race of the Austrian GP, car number 03 was randomly chosen among the top ten cars for more extensive physical inspections.

Subject to these physical inspections was the complete fuel system including the fuel lines, the fuel draining and sampling system, the hydraulic layout of it and associated wiring looms and sensors.

All inspected components were found to be in compliance with the 2022 Formula One Technical Regulations.

Jo Bauer
