

2019 SINGAPORE GRAND PRIX

19 - 22 September 2019

From	The FIA Formula One Technical Delegate	Document	10
To	The Stewards	Date	20 September 2019
		Time	18:28

Technical Delegate's Report

The temperature of the fuel intended for immediate use in car number 44, measured at 17:44 with FIA approved and sealed sensor, was more than eleven degrees centigrade (20.3 °C) below the ambient temperature recorded by the FIA appointed weather service provider one hour before the first free practice session (32 °C), this not being in compliance with Article 6.5.2 of the 2019 Formula One Technical Regulations. I am referring this matter to the stewards for their consideration.

Jo Bauer

The FIA Formula One Technical Delegate
