From	The Stewards	Document	81
To	The Team Manager, MoneyGram Haas F1 Team	Date	05 May 2024
		Time	20:08

The Stewards, having received a report from the Race Director, have considered the following matter and determine the following:

No / Driver 20 - Kevin Magnussen

Competitor MoneyGram Haas F1 Team

Time 16:46

Session Race

Fact Collision between Car 20 and Car 2 at turn 3.

Infringement Breach of Appendix L, Chapter IV, Article 2 d) of the FIA International Sporting Code.

Decision 10 second time penalty.
2 penalty points (total of 10 for the 12 month period).

Reason The Stewards reviewed positioning/marshalling system data, video, timing, team radio and in-car video evidence and determined that Car 20 was attempting to pass Car 2 at Turn 1 and then again on the outside at Turn 2 and finally collided with Car 2 at Turn 3.

Per the Driving Standards Guidelines, in order for Car 20 to be given room for an overtaking attempt on the outside, Car 20 needed to have the front axle at least alongside the front axle of the other car at the apex of Turn 2.

It was clear that Car 20 did not have its front axle in that position such that it was entitled to room in that corner. Further, if this is looked at purely as an overtaking on the inside of Turn 3, Car 20 would also not have had the right to the corner, by the standards for an inside overtake.

Even if this was viewed as a sequence of corners or a chicane, the decision remains the same. Per the guidelines, priority will be given to the first corner and if you do not have the right to be given room, then you do not get the benefit for the next corner.

Car 20 was therefore wholly to blame for the collision that occurred.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.

Decisions of the Stewards are taken independently of the FIA and are based solely on the relevant regulations, guidelines and evidence presented.
