		Time	12:33

Technical Delegate's Report

After the race in Miami car number 81 was randomly chosen among the top ten cars for more extensive physical inspections.

Subject to these physical inspections were the wheel bodywork assemblies. The following checks were carried out on all corners:

The compliance of all components with TR Article 3.13.

Physical checks for compliance with TR Article 11.5 on all four corners.

All inspected components were found to be in conformance with the 2025 Formula One Technical Regulations.

After the race in Miami car number 16 was randomly chosen among the top ten cars for more extensive physical inspections.

Subject to these physical inspections was the steering wheel assembly. The following checks were carried out:

The physical steering wheel assembly was cross checked against the OSC submission as per TR Article 17.6.

The clutch operating device was examined and checked against TR Article 9.3.2.

The electronic submission, which was supplied by the team as part of TD001, was checked against the physical steering wheel.

General compliance checks were carried out against TR Articles 8.3 and 8.7.

All inspected components were found to be in conformance with the 2025 Formula One Technical Regulations.

Jo Bauer

The FIA Formula One Technical Delegate
