**Technical Delegate s Report**

During free practice session 1, it was noticed that the LHS and RHS front tyre pressure of Set 16602 on Car 16 was altered after a run, whilst the car was stationary in the garage and before going out for another run using the same set. This adjustment was not carried out in accordance with the procedures set out in TD003Q 2. g. ii..

I am referring this matter to the stewards for their consideration.

**Jo Bauer**

**The FIA Formula One Technical Delegate**
