Decision

The Stewards reviewed the start sequence, as it was observed that multiple cars were potentially out of their grid box in violation of Article 8.6.1.a) of the FIA International Sporting Code, being either to the left or right of the grid box. Having reviewed all available angles of video, and making measurements on the grid, the Stewards noted that the grid boxes were slightly smaller than usual and that the drivers' visibility makes compliance extremely difficult and that no driver was in a position that gained any advantage. The Stewards are therefore satisfied to take no further action.
