Technical Delegate's Report

After the qualifying practice session it was checked on car number 23 whether a 1.0 litre sample plus the amount of fuel necessary to drive the car back to the pits under its own power (0.15 litres required for this from the position where he stopped) could be taken from the car. It was possible to take only a 0.33 litre sample following the procedures layed out in Article 6.5.4 of the 2022 Formula One Technical Regulations.

Therefore I am referring this matter to the stewards for their consideration, as this is not in compliance with Article 6.5.2 of the 2022 Formula One Technical Regulations.

Jo Bauer

The FIA Formula One Technical Delegate
